

RF Dock Shelter

SPECIFICATIONS

PRODUCT SUMMARY

Rigid Series Dock Shelter—provides maximum dock protection and full access to trailers while minimizing pressure on the building wall. The RF Series features high wear-resistant fabric with double lock-stitched seams, bottom corner draft pads, protective corner reinforcement pleats, wind retention straps and a 36-inch drop head curtain with fiberglass stays. The raked header with translucent fiberglass top provides natural light, permits water drainage, and provides snow load support.

FEATURES

- Side and head frames are made of pressure-treated, kiln-dried wood
- Frames are covered with translucent fiberglass
- Aluminum angle face edging
- Available in several top-grade fabric types, weights and colors
- Vinyl-covered foam drop-in style draft pads
- 24" shelter projection
- Steel supported bumpers (black)
- Heavy-duty galvanized mounting hardware
- All sew lines are lock-stitched and reinforced with UV-resistant thread
- 15" yellow guide stripe
